Committee Members:

My name is Tiger Woods. I am a graduating senior at Oxford High School and I am asking to be a candidate for your scholarship.

I plan to attend Whickey Wackey University next year. It is my intention to major in Engineering and Golf while at the university, but I also hope to explore and look into other areas in my first year.

I have a 3.8 GPA, rank 4th in my class and my ACT score was 26. I have taken some demanding classes and feel I am ready for college.

My family and I have planned for the future and school, but could really use your help in securing additional finances for school. I am very interested in your scholarship and hope you will consider me. Thank you for your time and effort.

Sincerely,

Tiger Woods

Committee Members,

My name is [REDACTED]. I am graduating from Oxford High School this May and I am asking to be a candidate for your scholarship.

In the fall I am planning to attend Cowley County Community College. I plan to be very involved at Cowley with band, theater, and various clubs. I plan to only be at Cowley for year to get my associates. I have taken many classes at Cowley through high school so I think I can achieve that degree in that time span. I have enjoyed my time in high school and have made some great memories but I am excited to make new memories in college.

I plan to major in Theater at Cowley. I have a deep love for theater that I want to follow to college. Oxford has encouraged my love of theater through high school, which makes me feel secure in my major decision. After Cowley I'm not sure where I want to go but I am positive that Cowley will teach me with strategies to figure out the best route. Even though an art major is always a little risky I am not scared. I think my lack of fear comes from my background at Oxford. They taught me to go after what you want even if it's going to be difficult and to even embrace the challenges.

Through high school I have tried to be involved with as many activities as possible. I have played sports, managed sports, played musical instruments, and kept up my grades. I have been involved with National Honor Society all through high school and I am proud to say that I am our Kansas Association of Youth (KAYS) club president. KAYS is an amazing organization to lead because I get to inspire my fellow classmates to help the community without any reward. I have a GPA of 3.6 and my ACT score is a 21. I have tried to put my grades above everything else in high school because they are the underlining foundation to every sports team or club.

I hope that you will consider me for your scholarship and thank you for your time and effort.

Sincerely,

[REDACTED]

Committee Members:

My name is [REDACTED]. I am a graduating senior at Oxford High School. This upcoming school year, I plan to attend Cowley County Community College, and major in Liberal Arts.

Throughout my high school years, I have developed a deep passion for music. My dream is to pursue my passion and transform it into a career. My goals are to continue performing in a band, touring the country (and possibly the world), and challenging myself in learning all I can about the music industry.

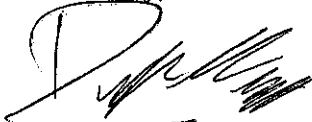

Ways I will achieve my goals is continuing to create music. My band has released one album, that dropped over the summer of 2012, and we plan to go forward and continue writing and recording our own music. In addition, we will continue to expand and spread our name as far as possible. A way that is possible is to start out small, performing on small tours that consist of only several dates, expanding the length of tours as time goes on.

In the last four years, I have been involved with Forensics, the High School Band, Art, Choir, and have even had the opportunity to play bass in a band outside of the school realm. As far as academic achievements, I have been on the honor roll my entire high school career; and was in the top 10% of my graduating class (ranking second), as well as a GPA of 3.85, and received recognition from the Kansas Honors Society.

I am a motivated person and am willing to do what it takes to turn my passion into a career. At the same time, I understand the importance of a college degree and look forward to starting this new chapter in my life.

I appreciate the opportunity to apply for this scholarship. Thank you for your time.

Sincerely,

[REDACTED]
